

Associate Membership application form

Thank you for your interest to join ILiA as an Associate Member¹. You'll find a warm welcome in our community. Please read and complete this form and send it to info@lithium.org.

Associate Membership is available to commercial organisations in the lithium supply chain, including non-integrated refiners, juniors, explorers, battery material manufacturers, cell makers, OEMs, recyclers, traditional consumers (glass & ceramics, etc), analysts, samplers and financial institutions.

As key downstream stakeholders, Associate Members can join Sub-Committees, attend all ILiA events at member rates, can join subcommittees, and observe plenary sessions at the annual general meeting. All members are listed on www.lithium.org and in the annual report.

There are just three steps to join:

1. Please complete this form, including acknowledgement of ILiA's Antitrust and Competition Law Guidelines (see <https://lithium.org/antitrust-guidance/>).
2. ILiA invoices the applicant for the period to the end of ILiA's financial year (end June). The current annual fee is GBP 7500 and this is fully refundable if your application is not successful.
3. Once the invoice is paid the Executive Committee will be asked to confirm your application. This may include background checks and a vote at their next meeting.

Should you have any questions please don't hesitate to ask.

Applicant details:

(* indicates mandatory fields)

Name of company *:	
Nationality of company *:	
Legal status of company *:	
Address of company *:	
Country *:	

¹ ILiA has three categories of membership:

Core Members are the major producers of lithium who own mines, brines and integrated refineries. Fees for Core Membership are £30,000 per financial year (July to June)

Associate members are commercial organisations with an interest in the lithium industry and are typically participants in the lithium value chain. The standard fee is £7500 per financial year.

Affiliate Members are non-commercial organisations. Fees are £4000 per financial year.

Telephone number *:	
VAT No. (EU and UK companies):
